

2019

American Performing Arts International, LLC

In 2008 our company founder, a high school choir and theatre teacher, took his students to perform at the Edinburgh Festival Fringe in Scotland. The provided tour package had many amazing opportunities, however, the individual cost was incredibly challenging, and made it impossible for many of his students to participate in the experience. Having a passion for travel and finding amazing travel deals, he decided to find a more affordable route for his students to perform at The Fringe.

Now, after eight years experience taking his own students to England and Scotland, he is excited to extend an affordable tour package to other well-deserving schools in all genres of the performing arts.

APAI Mission

It is the mission of APAI is to provide performing arts students with an affordable opportunity to:

- ❖❖ Perform on an international stage
- ❖❖ Experience an abundance of artistic and educational opportunities
- ❖❖ Explore history
- ❖❖ Experience cultures from around the world
- ❖❖ Grow artistically through both preparation to participation
- ❖❖ Establish new collaborations worldwide
- ❖❖ Create lifetime memories

Our goal is to provide students with a unique performance opportunity that creates a new level of confidence, growth, and maturity in their personal journey as an artist. This once-in-a-lifetime opportunity will help your students learn that cooperation, dedication, discipline, and hard work will allow anyone to achieve their goals.
